The Potager Edit

*Romantic, wild, seasonal wedding flowers...
full of love and care*

We provide romantic and unique floral arrangements which are shaped by the seasons on our Somerset flower farm. We specialise in growing heirloom and rare flower varieties which are fragrant and beautiful.

Every wedding we flower will be unique because every week on the farm is different and we will choose the most beautiful flowers from the field in line with your chosen palette.

The Potager Edit is our curated flower menu range and is perfect for couples who love our style but don't require large arrangements or on site set-ups. Choose from the following menu of bridal party flowers and floral centrepieces.

This range offers a streamlined selection process with transparent pricing and easy, straightforward ordering. I am available if you would like to have chat before you order to help you decide.

There is no minimum order and you are able to build your package to suit your budget. Orders may be collected from our farm in Wick St. Lawrence or delivery can be made for an additional fee.

The following pages contain everything you need to get your started - please get in touch if you have any questions.
